UNIVERSITY

HCMC, 4th May 2022

INVITATION LETTER

Dear Valued Partner,

On behalf of the School of Business and Management at RMIT Vietnam, we are very honored to invite you to the Stakeholder Consultation Roundtable in the project for **"Industry 4.0 Opportunities in Vietnam for Australian Businesses"** in order to collect feedback on the finalization of the project progress. Due to unforeseen circumstances, the Roundtable has been **rescheduled** as follows:

- **Time & Date:** From 9:00 am to 13:00 pm Friday, 20th May 2022
- **Venue:** RMIT Vietnam, Saigon South campus - 702 Nguyen Van Linh, Tan Phong, District 7, HCMC

Industry 4.0 is a fastmoving area with a large disruptive potential. Over the last few months, RMIT's Research team has been exploring the partnership opportunities between Australia and Vietnam in the areas of **agriculture, logistics and education**. The initial findings have revealed several promising areas where it could be possible to match capabilities with needs across both countries.

At this Roundtable, participant will be able to obtain an inside look on the findings to date as well as an opportunity to provide feedback on this research.

The School respectfully invite you to arrange a time to participate in this Roundtable. If you wish to join the session online, we will be sending the online link via Zoom after receiving your participation confirmation.

Having you on board with us will be a great pleasure. Thank you very much for your support and contribution for the success of the project.

We hope to receive your RSVP **by 5pm Friday, 13 May 2022** for proper arrangements.

Should you have any questions or concerns, pleas kindly response to this email for further response.

Thank you and best regards,
On behalf of the Organising team

Professor Bob Baulch
Deputy Dean, Research & Innovation
School of Business and Management
RMIT University, Vietnam

Associate Professor Vinh Thai Project
